Sir:

The instant paper supplements Applicants' Amendment filed, herewith, in response to the Office Action mailed May 23, 2001, with respect to reference JP 62-169823, submitted with the information disclosure statement filed January 13, 2000.

An English language translation of JP 62-169823 was not included with the information disclosure statement, so the reference was not considered by the Examiner.

Japanese patent application 61-10763 is, also, the application published as JP 62-169823, as indicated on the first page (copy attached, hereto) of the publication.

Also attached, hereto, is a Form PTO 1449, which lists both the JP 62-169823 reference and the English language counterpart Re. 33,367. The Examiner is requested to mark the form to show the reference was considered and return to Applicants a copy of the form so marked.
